in BOA, Scandinavian values meet Italian tradition. A contemporary design for outdoor spaces in teak wood, crafted with fine cabinet-making workmanship.

With a completely innovative approach, the fine cabinet-making process used for the manufacturing of outdoor wooden furniture is applied to a family of outdoor furnishing pieces in solid teak, combining sophisticated workmanship with an ultra-contemporary design.

Hatch collection is inspired by the beauty of the handheld folding fan, its arc offering a dramatic profile. The handwoven frame – a single continuous panel – wraps high-crowned waterfall cushions in sweeping curves that evoke the motion of an unfurling fan.

The all-weather cord's open weave creates radiant patterns that shift as the day and the season change, offering a stunning play of light and shadow.

The Ibiza collection features high-quality materials like fine teak. Midcentury modern furniture cemented teak's reputation as a durable and stylish wood. Midcentury teak pieces are still passed down in families, establishing teak's reputation as a long-lasting material.

The collection features other high-quality materials like UV-treated rope and Tempotest fabrics that resist fading, stains, and mildew. Each Ibiza piece is designed to stand the test of time and can easily be updated to evolve with your style.

MAYA
COLLECTION

Sectional

Renowned Spanish looks to the 1950s International Style in the Maya collection, echoing his singular approach to the built environment. As in his award-winning structures, Esteve utilizes the strength and simplicity of a pure linear form – here employing rows of parallel slats in premium teak – to offer a bold play of contrast and shadow. The result is a series of modular components that define a space. Modular components are available individually, allowing you to customize the configuration of your choice.
